5 Things ICE and the Israeli Military Have In Common

### 1. They abduct community members and tear families apart.

ICE agents break into homes and rip families apart by abducting mothers,

fathers, siblings, and more. Similarly, Israel soldiers invade Palestinian neighborhoods at night, abducting family members, from children to grandparents.

### 2. They train together, literally.

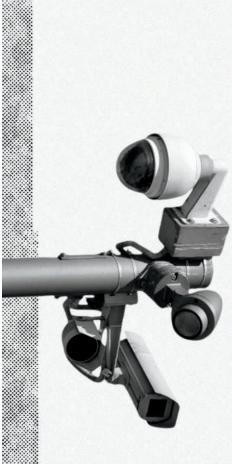

ICE officers have gone to Israel to train with the Israeli military to learn how to carry out the

violent tactics that Israeli soldiers use against Palestinians daily.

### 3. They use the same harmful surveillance technology.

To spy on communities in the US, ICE uses invasive surveillance technology that was first tested on Palestinian families by the Israeli military.

### 4. They kill people by subjecting them to inhumane conditions.

ICE facilities often deprive people of healthcare and subject them to unsanitary, inhumane conditions. At least 13 people have died in ICE custody this year.

Israeli soldiers often torture, starve, beat, and sexually assault Palestinians. As a result, countless Palestinians have been killed in Israeli custody.

### 5. They racially profile and discriminate against people.

ICE has a history of illegally detaining people based on the way they look and the language they speak. The Israeli military often stops, harasses, and even kills people just because they are Palestinian.
